

# EXCLUSIVE SPE TRAINING OPPORTUNITIES FOR YOUR STAFF PROFESSIONAL GROWTH

Dear Sir/Madam,

As a valued employer in the energy and related industry, you are invited to nominate staff participation in the upcoming series of career-enhancing training programs designed to strengthen your team technical expertise, leadership capacity, and strategic insight in today's dynamic energy landscape.

These training programs are organized by the Society of Petroleum Engineers Nigeria Council (SPENC) through its consulting arm, SPENC Integrated Services and Consulting Limited (SISCL) — in collaboration with global experts. Each course provides practical learning, professional development, and networking opportunities with professionals across Africa and the UK.

## **WHY SPE MEMBERS AND INDUSTRY LEADERS CHOOSE SISCL TRAINING**

- Expert-Led Sessions: Delivered by SPE-certified professionals and industry thought leaders.
- Globally Recognized: Accredited professional development programs designed in line with SPE International competences matrix.
- Flexible Access: Hosted in Nigeria, Ghana and the United Kingdom for regional convenience.
- Cross-Industry Application: Ideal for professionals in energy, finance, and leadership roles.
- Seamless Registration: Online and group registration options available.

## **UPCOMING TRAININGS; [WWW.SPE-ISC.COM/COURSE-FORM](http://WWW.SPE-ISC.COM/COURSE-FORM)**

United Kingdom (March 2026)

PDL-U: Process Driven Leadership – Managing Time, Teams & Deliverables

Mar 23–26, 2026 | ₦3,500,000

BHPPF-U: Building High-Performance Public Sector Finance Teams

Mar 23–27, 2026 | ₦3,700,000

Ghana (December 2025 – February 2026)

WRFM-G: Well Reservoir Facility Management (WRFM)

Dec 2–6, 2025 | ₦3,000,000

CBM-G: Critical Barrier Management in Oil & Gas Facilities

Dec 3–6, 2025 | ₦2,500,000

NDEEMEL-G: The Executive Edge for Modern Energy Leaders

Dec 3–6, 2025 | ₦2,500,000

PMP-G: Project Management Professional Certification

Dec 3–6, 2025 | ₦2,500,000

LDO-G: Mastering the Full Lifecycle of Drilling Operations

Dec 3–6, 2025 | ₦2,500,000

EGP-G: Economics of Gas Projects

Dec 3–6, 2025 | ₦2,500,000

PDL-G: Process Driven Leadership – Managing Time, Teams & Deliverables

Dec 3–6, 2025 | ₦2,500,000

ASEHR-G: Advances in Secondary & Enhanced Hydrocarbon Recovery

Feb 19–23, 2026 | ₦4,500,000

Nigeria (December 2025)

BHPPF-N: Building High-Performance Public Sector Finance Teams

Dec 16-19, 2025 | ₦2,000,000

## **WHO SHOULD ATTEND**

SPE Members seeking leadership or technical advancement  
Engineers and Project Managers  
Finance and Operations Professionals  
Safety and Facility Coordinators  
Public Sector Reformers and Energy Advisors

## HOW TO REGISTER

Register online: <https://spe-isc.com/course-form/> Or complete and return the attached Registration Form.

For inquiries or group registration:  
speintegrated@gmail.com  
| sales@spenigeriacouncil.org

## FINAL NOTE

As a key industry player, continuous learning for your employees is key to staying relevant and impactful in a changing energy ecosystem. These courses are not just trainings—they're strategic opportunities to grow, lead, and connect with peers shaping the future of our industry.

We look forward to having your staff participation and contributions our upcoming training sessions.

Warm regards,  
SPENC Integrated Services and Consulting Limited (SISCL)  
On behalf of the Society of Petroleum Engineers Nigeria Council (SPENC)

## TRAINING FACILITATORS' PROFILES

### **Engr. Okurerie Ajiroghene Ogedegbe, FNSE, JP** **Managing Director/Chief Executive Officer, UZEJIRI Company Limited**

Engr. Okurerie Ajiroghene Ogedegbe, FNSE, JP, is a distinguished Mechanical Engineer and accomplished energy industry leader with over 35 years of experience in drilling, completions, and high-pressure high-temperature (HPHT) well operations. A COREN-registered professional and Chartered Consultant, he is currently the Managing Director and Chief Executive Officer of UZEJIRI Company Limited, a leading technical services firm in the oil and gas industry. Before his current role, Engr. Ogedegbe had an illustrious career at Shell Petroleum Development Company of Nigeria, where he rose to senior management level. Renowned for his hands-on expertise and commitment to excellence, he has consistently demonstrated exceptional technical and leadership acumen in well engineering and project delivery.

A Fellow of multiple professional institutions—including the Nigerian Society of Engineers (NSE), the Nigerian Institution of Mechanical Engineers, the Automobile Engineers Institute, the Safety Engineers Institute, the Nigerian Institute of Management, the Chartered Institute of Strategic Leadership, and the Institute of Management Consultants—Engr. Ogedegbe's contributions to engineering practice and professional development are widely recognized. He has served in several leadership capacities, notably as Chairman and Director of the Society of Petroleum Engineers (SPE) Section 104, and as an active member of the SPE Nigeria Council and NSE Warri Branch. His involvement extends to SPE Africa and SPE International, where he has contributed through technical committees, mentoring, and student engagement programs.

Engr. Ogedegbe's outstanding service has earned him numerous accolades, including the prestigious SPE Distinguished Membership Award (2017)—a recognition reserved for the top 1% of SPE members globally. In 2023, he was appointed to the Board of Trustees of the SPE Nigeria Council, further affirming his enduring impact and leadership within the profession. A man of integrity and peace, he was conferred the title of Justice of the Peace (JP) by the Delta State Government in acknowledgment of his peacebuilding and community service efforts. Engr. Okurerie Ogedegbe is happily married and blessed with four children. A devout Christian, he continues to exemplify excellence, humility, and service in both his professional and personal life.

**Oladeji Olawale, PMP, PMI-RMP, APMP**  
**Senior Program/Project Manager | Risk & Change Management Consultant | Energy & Infrastructure Specialist**

Oladeji Olawale is a dynamic and accomplished Project Management Professional with over 25 years of international experience in project delivery in engineering, construction, oil and gas (offshore and onshore), health and development sectors. He specialises in program and project delivery, project risk management, change management, and stakeholder engagement across large-scale, high-stakes environments. He has helped set up PMOs for organisations in both public and private sectors.

With a robust technical background and strategic leadership acumen, Oladeji has successfully delivered numerous multimillion-dollar projects, including gas pipelines, FPSO upgrades, health infrastructure, and energy system installations. He has demonstrated consistent success in aligning project goals with business objectives, ensuring timely delivery, cost control, and stakeholder satisfaction. Highly competent at various project management and project risk management applications such as Microsoft Project, PertMaster (Schedule Risk Analytic), Primavera, Project@Risk, Crystalball 2000 (Quantitative Risk Analysis and Business Intelligence).

**Emmanuel Okudor**  
**Principal Consultant of DM Sheffield Limited**

Emmanuel Okudor is the Principal Consultant of DM Sheffield Limited with over twenty-five (25) years of experience in the upstream, midstream, and downstream sectors of the Oil and Gas industry. He is a seasoned Process Safety and Loss Prevention Engineer. He has facilitated over 150 technical/process safety and engineering studies such as HAZOP, HAZID, Constructability Review, EEERA, FERA/QRA, Safety Case development, Asset Integrity assessment and Engineering Design Review workshops for various local and international companies.

Emmanuel has also handled many oil and gas design and construction of pipeline, piping, flowstation and gas processing plant projects, where he worked as Technical Safety Engineer, QA/QC Inspector covering welders' qualification, asset integrity, safety engineering etc. The facilitator has developed many operations and design safety cases for oil and gas companies. Some of the safety cases comprises of the Warri Refinery Operations safety case, Dupont Midstream Refinery Design safety case, CHGC Natural gas City Gate operations safety case and many others.

The Facilitator is currently handling the revalidation of the TotalEnergies Egina and Akpo FPSOs Operations Safety Case.

Emmanuel is an approved SHELL (SDPC/SNEPCO) and Nigeria Liquefied Natural Gas (NLNG) HAZOP Study Chairman. He facilitated the HAZID study of the SNEPCO/SHELL FPSO BONGA mooring chain replacement project.

Emmanuel who has trained over 2000 industry professionals and academia in conferences, symposiums and workshops. He has trained many engineers on Risk management and bowtie analysis, process safety engineering, pipeline integrity management, barrier assessment/analysis and many other technical trainings. He was the Process Safety Manager, Addax Petroleum Nigeria, A SINOPEC Group of companies where he voluntarily left to optimize his wealth of experience through consulting for the oil and gas industry, developing & mentoring young and other cadre of engineers, especially in process safety engineering and management.

He is a fellow of Petroleum Training Institute, NISafetyE, ECMRI, IMC and a member of NGA, ASME, AIChE and many other professional associations.

## Chinyere Bibian Odogwu

Chinyere Bibian Odogwu is a Audit, Assurance, Strategy and Sustainability Advisor with over 12 years of experience supporting public sector-linked infrastructure and organisational systems across Nigeria and the United Kingdom. She began her professional journey with PwC, where she contributed to audit and assurance engagements involving national corporations and regulated entities such as the Nigerian National Petroleum Corporation (NNPC) and the Transmission Company of Nigeria (TCN). Her work included the valuation, documentation, and control review of major public infrastructure and asset portfolios valued between \$300 million and \$800 million, ensuring accountability, reporting integrity, and operational continuity across complex operational systems.

She later worked on the bp/EnBW Morven offshore wind development, a strategic infrastructure project with an estimated investment of up to £10 billion, where she managed regulatory and environmental alignment processes within the project's infrastructure planning and development phases. Her role focused on ensuring that planning decisions met statutory obligations, stakeholder expectations, and governance requirements.

Bibian currently supports businesses and institutions to recognize, align, and scale their operations sustainably, improving clarity, strengthening governance structures, enhancing efficiency, and enabling long-term resilience. Her professional focus is on building systems that last, strengthening assurance practices, embedding governance, and enabling continuity and transparency across organizational decision-making and operational processes.

## Professional Profile – Mr. Tajudeen Adewale OLAYINKA, B.Sc, PGDip (Data Science & AI), FCA, CFAN, ACITN

Honorary Treasurer, Institute of Chartered Accountants of Nigeria (ICAN)

Tax Appeal Commissioner, Federal Republic of Nigeria

Managing Partner/Consultant, Tajudeen Adewale Olayinka & Co/Diff Resource Associates Limited

Mr. Tajudeen Adewale Olayinka is a renowned Chartered Accountant, Tax Expert, and Data Analytics Professional with over three decades of progressive experience spanning audit, taxation, financial management, and analytics-driven decision-making across multiple sectors—most notably the Oil and Gas industry, financial services, and the public sector. He currently serves as Honorary Treasurer of the Institute of Chartered Accountants of Nigeria (ICAN), where he provides strategic leadership on financial stewardship, investment governance, and digital transformation initiatives. In addition, he is a Tax Appeal Commissioner appointed by the Honourable Minister of Finance, a role that underscores his deep expertise in Nigeria's evolving tax and fiscal landscape. As the Managing Partner of Tajudeen Adewale Olayinka & Co., a multidisciplinary accounting and advisory firm, Mr. Olayinka leads teams in providing services in Audit and Assurance, Taxation, Risk Management, and Data Analytics, supporting businesses—including oil companies—in navigating complex regulatory and reporting environments. His work frequently bridges the gap between financial reporting, data-driven insights, and compliance with emerging tax laws and IFRS standards. Mr. Olayinka holds degrees and professional certifications from globally recognized institutions, including:

B.Sc. (Hons) Accounting, Olabisi Onabanjo University, Nigeria

PGDip in Data Science & Business Analytics, University of Texas, USA

PGDip in Artificial Intelligence & Machine Learning, University of Texas, Austin

PGDip in Digital Business, Columbia Business School & MIT Sloan, USA

PGDip in Cloud Computing, University of Texas, Austin

Ph.D. (in view), Babcock University, Nigeria

He is a Fellow of ICAN (FCA), Certified Forensic Accountant (CFAN), and Associate of the Chartered Institute of Taxation of Nigeria (ACITN).

With a blend of financial acumen and technological proficiency, Mr. Olayinka has facilitated several high-impact professional training sessions on Taxation, IFRS, Data Analytics, and Financial Management—helping professionals translate complex data into actionable intelligence. His facilitation approach uniquely integrates regulatory interpretation, financial insight, and digital tools, enabling participants to understand the implications of new tax laws and financial reporting requirements in operational contexts.

He has held numerous strategic leadership roles within ICAN and beyond, including:  
Chairman, ICAN Strategy, Advocacy and Performance Tracking Committee  
Chairman, Members' Professional Development Committee  
Chairman, Information Technology Committee  
Chairman, Accounting Technicians Scheme, West Africa (ATSWA) – led the digitization and harmonization of the regional scheme  
Board Member, ICAN–BOI Innovation Hub Peer Reviewer, World Bank Foundational Accounting & Financial Management Skills Programme

Widely recognized for his professionalism and thought leadership, Mr. Olayinka is committed to fostering excellence in tax compliance, financial governance, and data-driven decision-making across Africa's corporate and extractive sectors.

His practical experience with Oil Companies, Financial Institutions, and Regulatory Bodies, combined with his academic grounding in Data Science and Artificial Intelligence, positions him as a uniquely qualified facilitator—capable of connecting tax policy, financial analytics, and business strategy in a rapidly transforming global economy.

## CO-FACILITATOR

The Co- Facilitator is an Associate Director within one of the top consulting firm. He has over 20 years work experience with a leading player (an IOC) in the petroleum sector of the Nigerian economy with responsibility for tax compliance and assurance, transfer pricing, tax advocacy, tax advisory and planning, mergers and acquisition and dispute resolution

He is vastly experienced in working with various teams to deliver high quality tax advice in support of various projects at various stages of the Oil and Gas lifecycle phase and across different licence arrangement both in Nigeria and Internationally, providing unique insight into the implication, compliance requirement and impact of various law changes. He is a key member of the industry advocacy team playing very important roles in the fiscal space to achieve a relatively balanced PIA.

He is a member of the Institute of Chartered Accountants (ICAN) and Chartered Institute of Management Accountant (CIMA)...

### **Temitope Oshuntunyi** **Advanced Reservoir Engineer ExxonMobil**

Temitope is an Advanced Reservoir Engineer with 15 years experience in ExxonMobil. With expertise in Reservoir Simulation, Reserves and Resource Evaluation, and Reservoir Management.

As an ardent SPE member, he has served with SPE International at the local, regional, and international levels. He is a recipient of the SPE International 2019 Regional Public Service Award, Africa Region. He served for 9 consecutive years from 2010 -2019 on SPE Lagos Section Board, holding several positions including Section Chair /Council Secretary in 2017 and SPE International Students Integration Chair 2014 - 2017. He has been serving on SPE Nigeria Council Committee since 2010 till date, and was SPENC Student Programs Chair 2013-2014

Temitope has been an avid mentor for several non-profit organizations he has worked with; continuously adding value to them. He is the Convener of the Annual Mathematics Conference and Exhibition, and Founder of Mathematics for Life Foundation, an international NGO with the aim of applying Mathematics to our daily lives in making the world a better place.

He is also the founder of Age of Purpose, an organization birthed from the need to positively impact humanity, to help discover their purpose.

Temitope is a Certified Coach, Trainer, and Speaker with over 10 years' experience, helping professionals develop their leadership and communication skills. He is also a certified Behavioural Analysis Consultant, helping people recognize their strength, limitations and how to connect with other personalities.

He is a personal growth enthusiast; he believes that no one can achieve greater things without growing themselves first.
